**Telequip Introduces the T-Flex™ Coin Dispenser**  
*Increased profits and improved customer service made easy*

**Salem, NH** - Telequip, the world's first choice for automated coin dispensing solutions, offers the T-Flex™ Coin Dispenser for increased productivity and profit. With a sleek design that integrates seamlessly into any business environment, the T-Flex reduces loss and accelerates speed of service in Quick Serve Restaurants.

Installing the T-Flex Coin Dispenser can save 5-7 seconds of time for each cash transaction. This accelerated speed of service means that more customers are assisted each day, increasing profits and customer satisfaction. Able to dispense coins for approximately 200 transactions, the T-Flex offers an even depletion dispense option that provides optimal coin use for long runs, and minimum dispense to release the least amount of coins necessary. Less downtime is therefore possible with fewer coin replenishment runs.

The T-Flex is easy to install and requires minimal training of employees. Cashier errors are eliminated as the T-Flex automatically calculates the correct change through the existing Point of Sale system. This feature aids in safeguarding against shrink as well, and transactions become more dependable and accurate. Cash management is further streamlined with easier shift changeover and improved back office procedure.

Adaptable to a variety of currencies including U.S. Dollar, Canadian Dollar and Euro, the T-Flex Coin Dispenser is offered with a 12-month depot warranty that includes parts and labor. Visit the Telequip® Profit Calculator at [www.telequip.com](http://www.telequip.com) to run the numbers of your business and measure your potential cost savings.

**About Telequip**

Telequip®, a Crane Co Company, has been manufacturing automated coin dispensing solutions since 1974.
